### TO PREVENT LYNCHING

NEGRO MOVED TO MT. STERLING JAIL LAST NIGHT.

Owingsville, Nov. 4.—Lawrence Berry, the negro who fatally stabbed Mail Carrier Crouch, was last night moved to the Mt. Sterling jail to prevent lynching.

### TO THE PUBLIC.

Because of the great amount of business before the common council at the regular meeting of this date, it has been arranged to adjourn the meeting tonight until Tuesday night, the 5th instant, for the purpose of taking up the discussion of the library proposition and such other important questions as may arise at that time.

Any and all citizens who may be interested are respectfully invited to be present. Very respectfully,

JAMES M. LANG, Mayor.

## TWO KILLED

A Negro Shoots into a Crowd in Virginia.

Three White Men Were the Victims—Trouble Resulted From Politics.

Roanoke, Va., Nov. 4.—Meager details were received here from the little town of Forum, Va., about thirty miles from Roanoke, of a tragedy at that place Saturday night.

A negro named William Hale took exception to some remarks made by a white man at a political meeting and, leaving the hall, went to his home, where he armed himself, with a double-barreled shotgun loaded with buckshot, returned to the place where the speaking was being held, and fired both barrels into the crowd. A white man named Boninett, who was the village blacksmith, was instantly killed, and John Thomas, colored, received wounds from which he died shortly afterward. The other men, both white, but names thus far not learned, were seriously and probably fatally wounded.

Hale made his escape and has not yet been captured, though the country is being scourged for miles around by indignant citizens. Bloodhounds were sent to the scene this morning. There are no trains on the Roanoke & Southern road on Sunday, and the telegraph office is closed.

Hale is said to be a desperate character.

### STABBED BY ROUSIER

RAY, SON OF CAPT. CROUCH, SERIOUSLY INJURED UP TENNESSEE RIVER.

Mr. Ray Crouch, the son of Captain Crouch, of the steamer Charleston, was stabbed in the left side of the abdomen this morning about three o'clock at a landing about fifty miles up the Tennessee river.

A negro rouser had become impatient, and young Crouch called him to account for it. The negro then became threatening, and young Crouch then struck at him, and in return received a stab with a pocket knife.

The blade penetrated just below the ribs, and is a very serious wound. He was brought to the city about 11 o'clock and taken to his home, 720 South Fourth street, and Dr. Coyle called and the injury redressed. The negro has not yet been captured, but the officers are after him, and think he will be caught.

### FIRST SALE TODAY.

NEW CENTRAL STOCK YARDS BEGAN BUSINESS AT LOUISVILLE.

The new Central Stock yards, at Louisville, in which Mr. Harry Ashcraft, of Paducah, is an officer, had its first sale today.

The stock pens and alleys of the company are paved with vitrified brick, and the thirteen acres of ground inclosed are lighted by an electric plant located on the grounds. Numerous conveniences are to be conducted in connection with the yards. There will be a barroom, a restaurant, barber shop and bathrooms.

Pens to accommodate 15,000 hogs, 15,000 cattle and 5,000 sheep have been built.

### ANNUAL SERMON BY BISHOP MORRISON.

Brownsville, Tenn., Nov. 4.—November 24 has been selected this year as the day for the annual sermon to the ex-Confederate soldiers of this section. The eminent divine of the Southern Methodist church, Bishop H. C. Morrison, of Louisville, Ky., will make the address.

Beginning with the 13th instant he will be in Western Tennessee at Dyersburg presiding over a week's session of the Memphis conference. Owing to the expiration of the four-year limit there will be a shifting of ministers in many places this year.

### FORGOT THE BRIDE'S NAME.

W. M. Moody, a fisherman living on the river, applied at the county court house today for marriage license and when the clerk went to issue the certificate the prospective groom could not tell his prospective wife's name and had to go back home to find it out.

### LOCATE AT GRAND RIVERS.

Mr. Buck Morris went to Grand Rivers today at noon to place a deal to establish a saloon there. They had been negotiating for a building, and think that the deal will go through today. They will put in a first class saloon.

### LICENSED TO MARRY.

License to marry was this morning issued W. D. Dunn, a minister of Marshall county, age 38 and Lily Ann Rudolph, of Ballard county, age 32. It will be the first marriage of both and the date of the ceremony is set for the 11th.

## MUST BE SIGHTED

France Will Take No More of Turkey's Promises About the Affairs.

### IT'S NOW UP TO THE PORTE

Evasion of the Sultan May Now Be Very Perilous to Him.

Paris, Nov. 4.—M. Delcasse, minister of foreign affairs, telegraphed M. Baptist, counselor of the French embassy in Constantinople, directing him—so the correspondent of the Associated Press is authoritatively informed—to present to Tewfik Pasha, Ottoman minister of foreign affairs, a note asking how the Turkish government proposes to pay the Loro and demanding the execution of the sultan's tirade dealing with that matter. The note will also request satisfaction regarding the rights of France which are defined in the various capitulations and treaties, and which in some cases have not been respected and in others have been encroached upon by Turkey.

Admiral Caillaud is expected to reach his destination today. The foreign office has received no news from him since his division left the other divisions of the Mediterranean squadron, on route for Turkish waters, four days ago. It is pointed out that the absence of news is not surprising, as the instructions of Admiral Caillaud were to steer due south and to avoid passing in sight of Bonifacio, Corsica, or traversing the strait of Messina, in order to prevent his movements being signaled. The vessels of the division carried only a normal supply of coal, but this would be much more than sufficient to enable them to steam 1,500 miles, the estimated distance they must cover before reaching their destination.

It is expected that Admiral Caillaud will be joined en route by the torpedo cruiser Condor, which is stationed in Italian waters, and may be met by the torpedo dispatch boat Vautour, which is stationed at Constantinople. It is also probable that the armored cruiser Admiral Charner, which arrived at Port Said October 31, from the far East, is being held there to join Admiral Caillaud if needed. It is further reported that three other warships are held in readiness at Toulon to reinforce him should their presence be necessary.

### BARN BURNED.

ANOTHER AT THE PINES DESTROYED—SMALL BLAZES TODAY.

The fire departments were called out twice within an hour today to extinguish small blazes. A small house was burned in the ceiling at the Kurtz residence at 216 South Fifth street at noon. The fire originated from a defective flue and the damage is slight. The house is owned by Judge Bethshars. The residence of Mr. P. S. Hisey, at Seventh and Boyd streets, was also slightly damaged by a sofa catching fire in the parlor.

Another big barn on the Pines stock farm burned Sunday morning at 1 o'clock. The origin of the conflagration could not be learned. The barn was filled with hay and farming implements and was insured for \$1500. The loss will amount to about \$500 at least. This is the second barn to burn on the farm within a week.

### HAS A PADUCAH CREDITOR.

Brownsville, Tenn., Nov. 4.—Mann and Stratton, grocers, assigned here to Thomas B. King, trustee. Their liabilities are nearly \$4,000, and their assets are estimated at \$800. Among the Kentucky creditors are: F. A. Menne & Co. Louisville, \$9.84; Flournoy Tobacco company, Paducah, \$10.37; Crescent Milling Company, Hopkinsville, \$184.08; A. E. Griffith & Co. Auburn, Ky., \$15.84; Adairville Mills, \$25.67.

### CONTINUES TO RISE.

Saturday's Louisville Times says of a former Paducahan: "A man who promises to play a large part in the effort to be made this winter to secure business legislation for the state is Mr. Clarence E. Dallam, president of the Commercial club." This matter has been one of deep interest with Mr. Dallam for several years. At last it looks as if a united and intelligent effort to secure reforms in business legislation was about to be made.

### TOBACCO WAREHOUSE SOLD.

Hopkinsville, Ky., Nov. 4.—The Raceville, Cooper and Co., tobacco warehouse, occupying one square on South Main street, was sold to Quint A. Elliott, of Lafayette, for \$20,500.

## THE COUNCIL

The Regular Meeting Tonight Will Be an Important One.

The council meets tonight in regular session with a large amount of business on hand. One of the principal matters to come up is the library proposition.

Mayor Lang sent a man to Jackson, Tenn., Saturday to investigate the gift of Mr. Carnegie to that place for a public library and a copy of the contract was brought back with him yesterday and is as follows:

"If Jackson will furnish a suitable site and raise annually \$5,000 to maintain a public library, I will give the said city thirty thousand dollars with which to erect a handsome library building."

This would indicate that the \$35,000 promised the city of Paducah is to be for the building alone, and the equipment will have to be furnished by the city. The manner of managing the library is to elect a board of five trustees, to hold office one, two, three, four and five years respectively, the council electing a new one each year.

It is also apparent that after Mr. Carnegie gives the city the money, he has no further control of the money or building erected with it, and if the city should refuse to make the required levy every year, he could not get anything back.

Tonight the semi-annual granting of licenses will take place, and there will be several ordinances for passage, among them being one to improve Caldwell street by grading and graveling from Eighth to Tenth streets; the measure stipulating that single grave privileges in the public lot shall hereafter cost \$5 for parties over 12 years of age and \$1 for those under that age; making it compulsory that hereafter the street inspector, lockup keeper, market master and chain gang boss be elected by the council instead of appointed by the mayor as heretofore. This is the measure that Mayor Lang opposed at the last session; a new ordinance that may be ready is one Councilman Wells asked that will require all city employees who resort to dishonest methods to escape the payment of debts, dismissed from the service.

The regular department reports will be presented, and it is possible that the matter of inviting Schley to Paducah as he goes south may come up, although there are no funds remaining in the city's entertainment appropriation to use in entertaining him.

Mayor Lang learned today that he will be four days short in service and salary when he goes out of office. He went in December, 6, 1897 and goes out December 2, 1901.

### Y.M.C.A. MATTERS

Inclement Weather Interfered With Yesterday's Meetings.

Tonight Preparations Will Be Made For the Field Day Work.

There was no meeting at the Y. M. C. A. yesterday afternoon on account of the inclement weather. A few men were present and an informal meeting was held but no speeches made.

Mr. E. O. Reid, the secretary of the boys' department, conducted the boys' meeting. There was a fair attendance and the meeting was very interesting.

Messrs. Lyne and Lyne, the druggists, who have been diligent workers in the cause of the association, have given to the association one big prescription case and several counters which will be used in better equipping the office department and the library of the association.

### PREACHERS MET

The Library Project Was Discussed This Morning.

Ministers Decide to Take a More Active Part in the Rescue Mission Work.

The Ministerial Association met this morning at the Y. M. C. A. but nothing of importance was done other than the regular routine work and the turning over to the council and the business men the library project. The latter subject was taken up and discussed but nothing new was done. Rev. Perryman reported the receipt of information relative to the establishment of similar libraries in other cities and reported that the library was a gift and that Mr. Carnegie held no "strings" to it. Rev. Perryman has also been corresponding to see what kind of contracts have been made with Mr. Carnegie relative to the establishment of a library in other cities, the building being donated by the celebrated philanthropist, and finds that there is not a case where Mr. Carnegie had any control over a building after building it. He corresponded with people in Newport, Ky., and Jackson, Tenn., and finds that the building was donated to the board of trustees and that after the contract had been signed and the library money turned over Mr. Carnegie had nothing more to do with the gift. In order that the project be better discussed and in order that more time be had for the discussion the subject may be postponed by the council from tonight until tomorrow night when a special meeting of the council may be called and all interested citizens be present to more fully discuss the subject.

The Rescue Mission work was also brought up and the association decided to take a more active part in the work in the way of soliciting subscription for the continuation of the work. Rev. Chiles, who is one of the factors of the mission, reported much success and the work will be continued with renewed energy.

There was a large attendance at the meeting, the largest the association has had in some time.

### GOES TO MEMPHIS.

MR. CHARLES WILLIAMSON TO GET AN APPOINTMENT AS MAIL CARRIER.

Postman John Baynam, who has been in the service here for fourteen years, goes to Memphis the 13th to accept a position, and his position as mail carrier will go to Mr. Charles Williamson, at present a substitute. The appointment of a substitute to succeed Mr. Williamson will be made later by Postmaster Fisher.

Remember the polls close at 4 o'clock Tuesday.

## OLIVE BRANCH

It is Believed That the Masonic Grand Lodge and Board Will Agree.

### A PLAN HAS BEEN PROPOSED

The Board May Lend the Grand Lodge \$150,000 to Use for the Temple.

IT WILL SOON BE DECIDED

A plan has been reached by which it is believed the difference between the Grand Lodge of Kentucky Masons and the Board of Directors of the Windows and Orphans' Home will be annually settled.

The demands of the Grand Lodge have been fully discussed at Louisville. If the board does not grant the request of the Grand Lodge it will be required to give back to the Grand Lodge the sum of \$90,000, which the board has been using for some time, and in addition to this part of the assessment of members of the various lodges would probably have been held up. It is the opinion of a large majority of the members of the board that to comply with these demands would have a very evil effect on the Home, and that moreover the demands of the Grand Lodge could not be successfully resisted.

It has therefore been proposed by a member of the board that the board from the Masonic Home lend to the Grand Lodge the sum of \$150,000 outright to be used in the construction of the new Masonic Temple. This will leave \$50,000 necessary to complete the fund of \$200,000 to erect the building.

It is proposed to issue bonds for this \$50,000, which will be taken up by various prosperous individual lodges over the state. In case the full sum is not subscribed the Masonic board will guarantee to raise the deficiency.

This proposition will be submitted to the representatives of the Grand Lodge. It is understood that the Grand Master will approve it, and the money will then be handed over, and the construction of the building begun. All this will not take more than two weeks, and there is a strong probability of work being begun by the middle of this month.

The news of a probable amicable settlement of the dispute will come as very pleasant news to the 22,000 Masons of the state.

### POLICE COURT.

WIFE BEATER IS FINED \$25 AND COSTS THIS MORNING.

John O'Neal was charged in the police court this morning with beating his wife, who was ill. He was fined \$25 and costs.

Will George, Tom Jones, Alex Easley, Lon Story, Charles Howard, were fined \$1 and costs in Judge Sanders' court this morning for breach of ordinance, mostly plain drunks. Cal Smedley and Rocky Level were fined respectively \$3 and \$1 and costs for being drunk and disorderly, and a breach of the peace case against A. Randolph was continued.

### BIG DROP.

LAST NIGHT THE MERCURY WENT TO FREEZING POINT.

Last night, for the first time this winter, ice formed in the gutters and the shallow pools of storm water that filled the side streets. Out in the railroad district the ice was thicker than in the city and near the yardmaster's office a gutter at the side of the track has a coat of ice one eighth of an inch thick.

The mercury went to 31 last night, the lowest of the year, and there was a heavy frost. The drop yesterday was about 30 degrees. The rainfall was 1.06 inch.

### FOR BREACH OF PEACE.

MAN OF THE COUNTY CHARGED WITH ABUSING HIS WIFE.

County Attorney Eugene Graves will today take out a warrant before Justice Bryant against Bud Sizemore on a charge of abusing his wife and the wife of a man named Bolke, in the county. It is alleged that he took his wife there and afterwards went back and beat her, and drove Mrs. Bolke out of the house, taking possession.

### HAD A PISTOL CONCEALED.

Cooper Hill, colored, was arrested at the depot today at noon for carrying a pistol. He was arrested by Officer Tom Orr. Hill lives at Princeton and was returning home when arrested.

Remember the polls close at 4 o'clock Tuesday.

## THE SCHOOLS

Division of the First Grade Was Deferred Today.

### A Lively Wrangle Promised Over the Bill For School Desks.

The division in the first grade at the Washington building which was to have been made this morning was not effected as the teacher for the new half, Miss Mabel Mitchell, is still substituting in the place of Miss Harriett Wilson, who is still unable to beat the school. Miss Wilson fell from her wheel several days ago and sprained her ankle and will not be able to be out again for three days, at least. As soon as she has returned to her duties the division will be made in the first grade. The room is now ready for the change, all the seats having been placed in the room Saturday.

The school board will hold its regular meeting tomorrow night but nothing other than the regular routine and committee work will be transacted. The bill for the school desks, amounting to something near \$600, purchased since the opening of school this year, will be presented for payment. The expenses of the schools have been heavy this year but a fall itemized bill has not yet been made out on account of several bills still remaining unsubmitted.

The teachers' meeting Saturday was well attended, and the historical work, heretofore spoken of, was taken up for the first time, this year. The newly adopted course will likely prove much more interesting than the miscellaneous course had last year.

It is understood that there will be raised strong objection tonight to the payment of the desk bill. It is claimed by some of the members that the desks are not up to contract, and a number of them are now broken, and none of the backs are high enough.

### BETTING ON LOW.

TAMMANYITES WHISTLING TO KEEP UP COURAGE.

New York, Nov. 4.—Betting favors Seth Low, but Tammanyites talk very confidently.

IN OHIO.

Columbus, O., Nov. 4.—The Democrats speak sanguinely, but Republicans say victory is certain. They admit, however, that Republican apathy endangers a Republican majority in the legislature.

### LAWYERS TO ORGANIZE.

A meeting will be held in the council chamber Wednesday night to organize a local bar association, similar to those existing all over the state. On the 10th inst. a meeting of delegates from the various state associations will be held to organize a state association.

### DEATH NEAR MASSAC.

Della, Saxton, aged eight years, died near Massac yesterday from typhoid, burial yesterday at the Allcock burying ground.

Remember the polls close at 4 o'clock Tuesday.

## A NEW LINE

The Cumberland Telephone Company to Build One to Hopkinsville.

### ORDERS WERE RECEIVED TODAY

The Line From Joppa to Paducah Has Been Abandoned Because of Opposition.

Manager A. L. Joyner, of the Cumberland Telephone company, this morning received from headquarters the information that the company is to at once build from Princeton to Hopkinsville, and a large number of poles have been shipped by barge, and are to be apportioned as follows:

Cerulean Springs, 181; Cobb, 175; Gracery, 150; Princeton, 130; Otter Pond, 150.

Work will begin at once, and pushed to completion. The line will connect at Princeton with the new line being built to that place, and give Paducah direct connection with Hopkinsville and neighboring towns, and greatly improve the long distance telephone facilities.

The line ordered recently from Joppa, Ill., to Paducah, has been temporarily abandoned. The commissioners of Massac county refused to grant the company right of way, claiming that there was another telephone company doing business there, and that if the Cumberland was allowed to come through it would necessitate the suspension of the other company.

This is a great disappointment to the company, which had made all preparations to build the line. It is believed that it will kill the chances of Southern Illinois to ever get the U. and E. I. railroad through that territory, for which Metropolis has been working for some time. The proposed telephone line was for the C. and E. I., and the company does not like the manner in which it has been turned down. If it ever builds through it will no doubt come down the Kentucky side. The telephone company cannot build down the Kentucky side on the other side of Metropolis, because the only cable across the river is the one at Metropolis.
